When you buy goods on credit you pay a larger profit than if you paid cash; when you spend your money with a merchant who sells on credit you also pay that large profit, for he can't sell your goods cheaper than he does your neighbor, if you do pay cash.

Our terms are CASH. We don't sell on credit to anybody, and it will not take long for you to see that we can save money by dealing with us. We are satisfied that our \$1.50 Shoes for Ladies and Misses are the best in town. Try a pair of them.

Wrinkles Around the Eyes

Are usually caused by defective sight. Many women, and likewise men, look prematurely old from these wrinkles. The wrinkles in many cases can be removed by wearing correctly fitted glasses. To fit glasses correctly demands a thorough knowledge of refraction and the necessary instruments. We have both; hundreds of satisfied customers will say so.

THE FIRE THIS MORNING.

Two Houses in East Greensboro Destroyed.—\$345 Burned.

Two houses in East Greensboro, belonging to a colored man were destroyed by fire between 4 and 5 o'clock this morning. The better of the two houses was occupied by Murphy's family and the smaller was rented. When the fire was discovered this morning both houses which almost joined together, were on fire and Murphy says his family barely escaped with their lives. He says he had three hundred and forty-five dollars (\$345) in bills burned and all his furniture except a few pieces in the room where he slept.

One of the night policemen saw the blaze and turned in the alarm from box 42, at least a mile from the fire. This confused the firemen, but they were soon started in the right direction. The whole department, except the engine responded to the alarm at once. The houses were situated far from the nearest water plug however and the firemen could only sit on their wagons and look at the fire from a distance.

Murphy runs a store on East Market street and owns his storehouse. He is an industrious and prosperous negro and saves what he makes. His store was broken into last night and several dollars worth of meat, lard, coffee and other groceries taken. Ingress was made from a rear window which the thief, or thieves, broke open. Murphy says his loss is fully nine hundred dollars, with but three hundred dollars insurance on one dwelling.

A coop of chickens near the house were burned.

Murphy is the man who was charged with burning the store of a colored man named Jones, on East Market street, some months ago, but came out clear in the trial.

ARRESTED FOR FORGERY.

Charlie Roberson and Leslie Allen Forge Robt. Allen's Name.

Charlie Roberson and Leslie Allen are in jail today charged with forgery. Yesterday while drinking they forged the name of Leslie's father, Robert Allen to a check for the amount of five dollars and had the check cashed at J. W. Scott & Co's. Soon after Messrs. Scott & Co. got the check they discovered that it was bogus and informed the police of the matter. The night police searched all night for the forgers and during the night Officer Scott landed Roberson in jail. Mr. Scott remained on duty this morning and assisted by Officers Jordan and Jeffries of the day force found Allen about 7:30 o'clock. Allen went into Coble's bar on the corner of South Elm and Fayetteville streets and Officer Jordan guarded the place until the other two officers came up, when Officer Scott went in and arrested Allen.

Roberson is a man of bad reputation and has been arrested several times before on different charges. Allen is a young man about twenty years old and though his character was not considered good has never been in trouble before.

Not So Bad As Expected.

A pool of blood was found near the Southern railroad track, near the Lindsay street crossing, and those who saw it feared that some one had been killed by a train during the night. Officer Weatherly followed a trail of blood up the track, thinking the unfortunate had been carried off on the cowcatcher. He had gone about a mile when he was told by the section master that the deceased was a little pup, and that he had carried him out of town on his car, leaving the trail of blood on the track. The dog had been killed by the early vestibule from the north, which has a way of not stopping for small matters.

High Point Speaking Postponed.

We are requested to state that on account of a previously arranged flag raising by the graded schools of High Point the appointment which was made for Hon. C. B. Aycock to speak there tomorrow night has been called in. We very much regret this as it is probably the only opportunity our High Point friends would have had to hear this most fervent, eloquent and logical speaker.

A Pretty Wedding.

Mr. Charlie Pugh, of the grocery firm of Pugh & Andrews, was married last night to Miss Hancock at the home of the bride's father near Guilford College. It was a quiet but pretty wedding, only a few of the friends of the families being present. The Telegram together with their many friends congratulated bride and groom.

Trying to Deceive the People By Attributing Lying Statements to Simmons, Aycock and Jarvis.

Chairman Simmons said to a reporter yesterday evening that Colonel Olds had just handed him a secret circular sent out, he presumed, by the fusionists, for it is not signed by anyone, charging that he, Chairman Simmons, said in a speech at the congressional convention in Wilkesboro, August 18th: "The democrats favor the passage of an election law similar to the one in Mississippi and South Carolina, and would pass it if they secured the legislature."

Mr. Simmons said he had never seen or heard of the circular before yesterday, and that the charge that he made any such statement as that attributed to him in the circular was in every respect and particular false and without the slightest foundation in fact. He said he not only did not make any such statement in his speech at Wilkesboro on the 18th of August, but that he did not in that speech even mention the subject of suffrage or in any wise mention or discuss the election laws of

Several of our most popular young ladies met yesterday afternoon at the residence of Mrs. J. H. This, like the men's club, is the first of its kind ever organized here. We are exceedingly glad to know that the young ladies are aroused on this great question and feel assured that as great as this cause is, nothing but

NAVY DEPARTMENT HAMPERED

By a Lack of Long Term Plan For Foreign Naval Stations.

By Wire to THE TELEGRAM.

Washington, Oct. 20.—The navy department is hampered in its desire to re-establish foreign naval stations by the limited number of full term men in the service. The present enlisted force includes about eight thousand for the term of the war only and as peace may be declared any day they would be entitled to discharge. Nearly all the twelve thousand long term men are with Admiral Dewey's fleet at Manila.

By Wire to THE TELEGRAM.

Washington, Oct. 20.—Nothing has yet reached the state or navy department regarding the encounter between ships of Admiral Dewey and the Filipinos over the hoisting of the rebel flag. The report is not believed by the authorities. It is suggested that it had its origin in Dewey's trouble with the insurgents to fly their flag on their little gunboats.

DON'T INTEND TO YIELD.

Spain's Commissioners Hear Nothing From Madrid.

By Cable to THE TELEGRAM. Paris, Oct. 20.—The Spanish peace commissioners have not yet received from Madrid instructions to bid adieu to Cuban sovereignty without further seeking to attach some condition providing for the assumption of the Cuban debt by the United States.

If they are at present disposed and instructed the Spaniards will not at tomorrow's meeting recognize affirmatively America's position. They apparently intend not to yield and will tomorrow make another written presentment.

Kind of Ships Needed.

By Wire to THE TELEGRAM.

Washington, Oct. 20.—Engineer-in-chief Melville, in his annual report, says the recent war has shown the necessity for high-speed battleships and training engineers. He lays stress on the help rendered by the Vulcan off Santiago. The torpedo boats showed long lists of accidents, and he thinks they cannot be safely used as blockade ships. He advocates water tube boilers.

Bradshaw and Douglas declared on Monday in strong terms that they were in favor of white supremacy and opposed to negroes holding office. That's a good joke.

A vote for Thomas J. Shaw is a vote for decency, sobriety, Christianity and good moral character on the bench. Only men of this character should be placed in any office.

That man who tells the people the democratic party can disfranchise them if it gets the legislature is not a fool but he insults the intelligence of the people every time he says it. He takes it for granted that the people are fools.

Candidate Douglas declared on Monday that he was in favor of a white man's party; but he didn't tell the people who were listening why it is that he is the candidate of a party four-fifths of whom are negroes. His actions fall far short of measuring up with his words.

If Spencer Adams is not man enough to meet his opponent in joint discussion when asking for votes will he be man enough to stand flatfooted for the rights of his people if, by any accident, he should ever reach the halls of congress? We think not. A man who will dodge the truth before his own people is hardly a worthy man to represent this district in congress. Then look at his actions with regard to the nomination.

Mr. Stratford told the people on Monday that the republicans and populists on the money question were widely divided; but that in North Carolina they had "interests in common." He told the truth in both instances, but he failed to say what those "interests in common were. They are an unconquerable and intensely yearning desire for office. This is undeniably true from the fact that this year the populists first offered to fuse with the democrats—for what? Not for principle, for the offer contained the stipulations—a division of offices. Then they went to the republicans and said: "Divide with us and we will fuse" with you "interests in common," indeed! And this is the mess of grisly hash with a garlic flavor upon which honest white men are asked to feed in North Carolina! Will they chew it or eschew it?

In an article on the first page of this paper today Chairman Simmons nails the lie contained in a secret, unsigned circular which is being sent broadcast by the fusion crowd. We have in our possession one of these circulars. It is the last resort of a defeated crowd, and is so miserably false that even the fusion crowd refuse to take the responsibility for sending it out. It is said that Sheriff Hoskins and Clerk Ragan are directing in their distribution in this county. By such cowardly methods as this the best man in Guilford county could be accused of base crime, and if the people would believe anonymous stuff such as this, would be lynched.

LETTER FROM MANILA.

Sam L. Burgin Writes to His Brother in This City.

Through the kindness of Mr. F. A. Burgin we are permitted to print an extract from a lengthy letter from his brother, Sam L. Burgin, who is a member of the U. S. Signal Corps at Manila. The letter was written September 5th, but contains much that will be read with interest. After describing the walled city—"Old Manila," with its walls a hundred feet thick and forty feet high with forts at every corner and guns mounted every fifty yards, etc., Mr. Burgin says:

"One of the gunners on Dewey's ships prints a monthly paper, which gives all the details of the big fight; will try to send you one. Our water is very good when boiled, and no one is allowed to drink it without first boiling. I stand the weather all right. It would amuse you to see some of the horses and carriages, the horses are about twice the size of our billy-goats, but draw a good load. Some nice stores, and I find some good people. The Spanish soldiers are really nice looking men, and wear pretty uniforms, and I understand they are well educated and were glad to have a surrender. 'Uncle Sam' feeds them well; much better than they have had heretofore.

There are fifteen telegraph offices in the city and one at Cavite, and telephones are being rapidly put up. The transports are leaving one by one as they get unloaded; takes some time to unload them as there is no wharf, and they have to unload onto the stream. The boys have had to work pretty hard since arriving, getting camps pitched; but all is in good shape now, and won't be much to do. I was out to the old fort yesterday, and all along in the Spanish trenches. Sorry I forgot my Kodak. I could have taken some interesting views.

There was a little excitement here last night. The force was doubled all over the city and all the regiments of infantry were ordered to be ready for battle on a moment's notice. The heavy artillery on the other side of the street had their ammunition loaded on wagons, and we were issued 45 rounds of carbine ammunition and fifty pistol. Everybody slept under arms all round. Aguinaldo had moved his headquarters and we expected him to make an attack last night, but he failed to materialize.

"I am afraid we will have trouble with him. I understand the insurgents must lay down arms, and I don't think they will do it without trouble. Speaking of battle, the commanding officer of one of the Spanish forts here in the walled city ordered his men to fire on the 'Monterey.' The gunner got his field glass to get the range and said, 'Those big 13-inch guns are looking right at us,' and said to the commanding officer: 'Take these glasses and look at those guns. Why, you can drive a carriage through them. It won't do to fire or shoot at that.' And so they did not fire a shot.

"I am trying to get you a map of the city and islands. We have taken lots of photographs from Cavite here, but it is impossible to get any of them as they are for file in the war department at Washington.

"We had nice breakfast yesterday morning, best since I have been in the service—'hot cakes and syrup.' I tell you the boys surely did enjoy them.

"Well, in fact, we are nicely located now and hope to remain here some time. Will write you once a week. Will write letter for the Telegram in a few days. Your brother,

Sam'l Burgin,
Serg't Co. B, U. S. V. Signal Service.

THIRD NORTH CAROLINA.

Flag Presented to Company E.—Maj. Dellinger Presented It.

At 4 o'clock yesterday afternoon hundreds of the citizens of Knoxville who were visiting Camp Poland and the soldiers all assembled in the beautiful grove in front of Col. Young's tent, where a beautiful silken flag was presented to Company E. The flag had been purchased by the ladies of Greensboro, N. C. Maj. Dellinger was asked to present the flag to the Company. Maj. Dellinger spoke at length, telling the members of Company E. what they must do with the flag to honor it. As he closed his remarks and handed the flag to Lieut. D. J. Gilmer, who accepted it in behalf of the Company, the band played "Stars and Stripes Forever." Then Lieut. Gilmer, holding the flag in his hand remarked: "Officers, Comrades, Ladies and Gentlemen—All the members of Company E. have gladly gathered here to accept this silken emblem of revolutionary glory and unity which was sent to them by the fair sex of the historic and patriotic country of North Carolina and the city of Greensboro.

Major Dellinger, in behalf of the boys, I say in acceptance that they accept it and shall ever protect it, not for the sake of race or state, but for the honor of all Americans. Though Company E is not the color company of our regiment, we shall take this American flag; in it we will tenderly fold the virtue, honor and freedom of all women and men seeking for American protection.

Around it Company E shall cluster as guards and defy the impure hands of any to molest it. (Loud applause.) You may inform the ladies that we are juniors in military, but if we be given that chance which may belong to us as volunteers this flag shall never trail the dust or fall into the hands of a tyrant. If it does, it will be when the entire Third North Carolina regiment will have been swept from the face of the earth. (Cheers.) So, be what we may, but before we would cause one star in this flag to shudder we will gladly give our lives for the addition of another." (Applause.)

Then the band played "The Old North State Forever."

Col. Young was called upon and he made a short talk.

Lawyer George T. Wasson, of Knoxville, spoke at length to the soldiers. It is a fact that the Third North Carolina employs only four sinks, not half enough. It is claimed that this is all they are allowed. The results would be bad if this should continue. —Knoxville Sentinel.

It Will Be Done.

We believe the democrats are to carry the State next month. The majority against them is formidable, but there are cases in which obstacles count for nothing. Talking recently with a democratic citizen of a county which in the last election gave an enormous fusion majority, he declared to the writer, with the utmost confidence, that it would go democratic this year. "But how are you going to carry it?" he was asked. "I don't know," was the reply, "but we are going to carry it." That is the spirit which wins victories, removes mountains or does almost anything. When the Anglo-Saxon wills to do a thing he finds a way. That is the history of the race, and the Anglo-Saxon people of North Carolina are aroused now as we never have known them to be before. Their dearest interests are at stake and they propose to safeguard them.—Charlotte Observer.

Negro Overseers.

The republicans of this county and their organ have a good deal to say about the democrats appointing a few negro overseers of roads, and with brazen effrontery try to create the impression that the democratic party is the "nigger party."

Some years ago a few respectable colored men near here (such as Tom Leach and Henry Hanks) were appointed road overseers, simply because no white man ever worked on the road under any one of them, and no complaint was ever made by anybody because of their appointment.

And now at this late date—several years afterwards—the appointment of these colored road overseers under such circumstances is for the first time condemned, and condemned too by men whose party has placed whole white communities under the control of negroes!—Chatham Record.

Remarkable Rescue

Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine would cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was.—Free trial bottles of this Great Discovery at C. E. Holton's drug store. Large bottles 50 cents and \$1.00.

A FIGHT AT MANILA.

Engagement Between American and Rebel Ships.

London, Oct. 20.—The Madrid correspondent of The Times says: "Captain Anon, the Minister of Marine, has received a dispatch from Manila, announcing a naval engagement between the Americans and the rebels. In consequence of Admiral Dewey's forbidding the latter to fly the rebel flag from their ships. The dispatch adds that there were losses on both sides, but that the Americans captured the rebels' ships. The scene of the engagement is not stated, but it is supposed to have been in Manila Bay."

NO INFORMATION AT WASHINGTON.

Washington, Oct. 19.—As far as could be ascertained, no information regarding the reported naval engagement has been received at the navy department, nor has General Otis, commanding the United States troops at Manila, made any reference to it in any communications he may have made to the war department. The dispatch created considerable interest in Washington. Recently the newspapers contained a statement that Admiral Dewey had dispatched one or two of his ships to another portion of the Philippine group on a mission of some importance, and the suggestion is made unofficially that it may have been these vessels which have been engaged in combat with the insurgents."

NO BETTER THAN NEGROES.

Proof of What Forsyth's Republican Chairman Said.

North Carolina, Forsyth Co. Lee Foy being duly sworn makes oath that on the night of October 13th, 1898, at the corner of the court house square, in Winston, N. C., he heard Samuel F. Vance, chairman of the republican executive committee of Forsyth county, make the following remark: "The reason why the negro holds office in the east is because the white people there are no better than the negro," and this deponent further swears that thereupon J. W. Morrissey, a former resident of the east, gave him the lie. Vance then said that he meant no offense towards him (Morrissey) and did not want a fuss, but that he was only repeating what a man told him. Morrissey said there are as good people in the east as anywhere, whereupon Vance apologized. Lee Foy.

Sworn and subscribed to before me, this 14th day of October, 1898.

The Largest Pumpkin.

In addition to being one of our best
merchants and most progressive citi-
zens, Mr. J. M. Hendrix is also a farm-
er. He has on exhibition at his store
in this city a pumpkin grown by him at
his place in the northern part of the
county that weighs 117 pounds. How is that for
a pumpkin? We advised Mr. Hendrix
to send it to the state fair. He pro-
poses to give away the seeds from this
mammoth pumpkin and to the person
raising the largest pumpkin from the
seeds he will give a pair of the finest
shoes in his stock.

The Only Question.

Hon. W. W. Kitchen was in town
Friday and Saturday. He has made a
close canvass of nearly his entire dis-

the prospects for democrats was never
brighter. He thinks his election is a
certainty—the only question is the size
of the majority.—Roxboro Courier.

ODELL'S

The Sweetest Place on Earth

is home. But perhaps your home
isn't. If it isn't, then carefully con-
sider the question. It may be.
First, Bad Temper. This is the
greatest home-wrecker. But bad
temper is often due to lack of home
comforts and conveniences.

That old was worn out long
ago, and yet—we
are talking to the
man of the house—you go home ex-
pecting a prime dinner, ready just on
time. No wonder you don't get it. As
a remedy we offer

Peninsular They have won their
Ranges way to the front and
hold the palm as the
handsomest, most successful Range in
the world. Then if you don't want a
Range, why, our

Cooking just can't be beat. The
Stoves Woodlawn is our old
standby. Ten years of
trial have proved its merit—and it
has been growing better all the time.

Foot We have them—Wire and Co-
coas—all sizes and all prices.
Mats Cheaper than those made out
of corn husks, shucks, beat a piece of
old carpet—and protect your new one.

We've hunted the market
—came very near saying
the world—over. If there's anything
desirable made in a mantel we've got
it. If something nice comes out we'll
have it. Always on the look out.
It will be worth your while to call
and see them if you like pretty things.
